

This craft can be used to learn the names of each body part.
This craft can take between 10-15 minutes to complete.
Younger children may need supervision and assistance when using scissors and fasteners.

What you will need:

- Scissors
- 9 Fasteners

1

Step 1

Cut out the skeleton parts (page 2).

2

Step 2

Using your fasteners, link each joint to its corresponding body part.
