

1

Step 1:

Teacher or parent cuts out the number cards on this page.

2

Step 2:

Children fill in the ornaments and star on the Christmas tree with random numbers between 1 and 20. Make sure not to repeat a number!

3

Step 3:

Play bingo! Mix up the number cards and call out numbers one at a time. Children with matching numbers will place a bingo marker over that number. Pom-poms, poker chips, small pieces of paper, coins, etc. work well for bingo markers.

+

You can use "Count And Move" from *Super Simple Songs 2* to review numbers 1 through 20.
